ORDINANCE NO.: 3015**

AN ORDINANCE TO REPEAL AND REPLACE PART II, GENERAL LEGISLATION, CHAPTER 202, CURFEW, OF THE REVISED GENERAL ORDINANCES OF THE CITY OF GARFIELD

WHEREAS, to protect the health, safety, and welfare of the residents of the City of Garfield, the Governing Body seeks to ensure the safety of minors and juveniles during nighttime hours with an appropriate curfew and supervision;

BE IT ORDAINED, by the Governing Body of the City of Garfield, that Part II, General Legislation, Chapter 202, Curfew, is hereby repealed and replaced as follows:

Section 1. The current text of City Ordinance, Part II, General Legislation, Chapter 202, Curfew, is hereby repealed and replaced to include Chapter 202, Curfew, as follows:

§ 202-1 Title.

This chapter shall be known and may be cited as the "Ordinance Regulating the Presence and Conduct of Juveniles on Public Streets and Public Places During Nighttime Hours."

§ 202-2 Definitions; word usage.

For the purpose of this chapter, the following terms, phrases, words and their derivations shall have the meaning given herein. When consistent with the appropriate context, words used in the present tense include the future, words in the plural include the singular, and words in the singular include the plural. The word "shall" is considered to be mandatory and not merely directory or discretionary in nature.

CITY

The City of Garfield.

CURFEW HOURS

Between the hours of 10:00 p.m. and 6:00 a.m., Sunday through Thursday, and between the hours of 12:00 midnight and 6:00 a.m., Friday through Saturday.

EMERGENCY

An unforeseen combination of circumstances or the resulting state, including those circumstances which call for immediate action in response to a threat to public health and safety. This term shall be understood to include but not be limited to a fire, a natural disaster, an automobile accident or any other situation requiring immediate action to prevent serious bodily harm, injury or loss of life. "Serious bodily injury" shall mean bodily injury that creates a substantial risk of death or that causes death, serious permanent disfigurement or protracted loss or impairment of the function of any bodily member or organ.

GUARDIAN

Any person, other than a parent, to whom legal custody of a juvenile or minor has been given by court order or who is acting in the place of the parent or is responsible for the care and welfare of the juvenile.

JUVENILE or MINOR

Any person under the age of 18.

KNOWINGLY

Includes knowledge or information which a parent or legal guardian should reasonably be expected to have concerning the whereabouts of a minor in the legal custody of a parent or guardian. It is intended to include and require neglectful or careless parents to maintain a reasonable community standard of parental responsibility through an objective test. It

shall be no defense to this chapter that a parent was indifferent to the activities or conduct or whereabouts of such a minor or juvenile.

OPERATOR

Any individual, firm, association, partnership or corporation operating, managing or conducting business in any establishment. The term includes the member or partners of an association or partnership and the officers of a corporation.

PARENT

The natural or adoptive parent of a juvenile or minor.

PUBLIC PLACE

Any place to which the public has access, including but not limited to a public street, road, thoroughfare, sidewalk, bridge, alley, plaza, park, recreation or shopping area, public transportation facility, vehicle used for public transportation, parking lot or any other public building, structure or area.

REMAIN

To linger or stay; or to fail to leave a public place or establishment when requested to do so by a police officer or the owner, operator or other person in control of the establishment or premises.

§ 202-3 Offenses.

- A. A minor commits an offense if the minor remains in any public place or on the premises of any establishment within the city between the hours of 10:00 p.m and 6:00 a.m., Sunday through Thursday, and between the hours of 12:00 midnight and 6:00 a.m., Friday through Saturday.
- B. A parent or guardian of a minor commits an offense if he knowingly permits, or by insufficient control allows, the minor to remain in any public place or on the premises of any establishment within the city during the curfew hours.
- C. The owner, operator or any employee of an establishment or public place commits an offense if he knowingly allows a minor to remain upon the premises of the establishment during the curfew hours.

§ 202-4 Permitted exceptions.

- A. The following are exceptions to an offense under § 202-3. The minor was:
 - (1) Accompanied by the minor's parent or guardian;
 - (2) On an errand at the direction of the minor's parent or guardian, without any detour or stop for the purpose of responding to a medical problem or emergency;
 - (3) In a motor vehicle involved in interstate travel not originating in the City of Passaic;
 - (4) Engaged in an employment activity, or going to or returning from an employment activity, without any detour or stop;
 - (5) Involved in an emergency as defined in § 202-2;
 - (6) On the sidewalk abutting the minor's residence or abutting the residence of a next-door neighbor if the neighbor has not filed a complaint with the Police Department about the minor's presence;
 - (7) Attending an official school, religious or other recreational activity supervised by adults and sponsored by the city, a civic organization or

another similar entity that takes responsibility for the minor, or going to or returning home from, without any detour or stop, an official school, religious or other cultural, social or recreational activity supervised by adults and sponsored by the city, a civic organization or similar entity that takes responsibility for the minor;

- (8) Exercising First Amendment rights protected by the United States Constitution, such as the free exercise of religion, freedom of speech and the right of assembly; or
- (9) Married or had been married or had disabilities of minority removed in accordance with law.

- B. It is a defense to prosecution under § 202-3C that the owner, operator or employee of an establishment or public place promptly notified the Police Department that a minor was present on the premises of the establishment during curfew hours and refused to leave.

§ 202-5 Enforcement.

- A. Before taking any enforcement action under this section, a police officer shall ask the apparent offender's age and reason for being in the establishment or public place. The officer shall not issue a citation or make an arrest under this section unless this officer reasonably believes that an offense has occurred and that, based on any response from the minor or juvenile and other circumstances, no exception under § 202-4 is present.
- B. If a police officer reasonably believes that a juvenile is on the streets in violation of this chapter, the officer shall notify the juvenile that he or she is in violation of the curfew chapter and shall ask the juvenile or minor to provide to the officer his or her name, address and telephone number and how to contact a parent or guardian. In determining the age of the minor or juvenile, and in the absence of evidence such as a driver's license or copy of birth certificate, a police officer shall be authorized to use his or her best judgment in determining the age of the minor or juvenile.
- C. If the officer determines that a person is in violation of this chapter, the minor or juvenile shall be taken into custody. The parent or guardian shall then be notified by any authorized member of the City of Garfield Police Department to come to the Police Department to take custody of the minor or juvenile. When the parent or guardian arrives to take custody of the juvenile or minor, they shall be given written notice by an authorized member of the City of Garfield Department which sets forth the nature of the alleged violation and which also includes a copy of this chapter in its entirety. A copy of this notice shall also be kept on file with the Municipal Court Clerk of the City of Garfield for the purpose of providing evidence of failure by the parent or guardian to observe the provisions of this chapter in the event of any subsequent citation for an alleged violation of this chapter.
- D. In the event that a parent or guardian cannot be located, then the juvenile or minor may be released to the appropriate juvenile authorities or to an adult relative, neighbor or other adult who will, on behalf of a parent or guardian, assume the responsibility of caring for the juvenile pending the availability or arrival of a parent or guardian. A copy of the notice described in Subsection C shall be given to the minor, and another copy shall be sent to the parent or guardian, by certified mail, return receipt requested.
- E. The Police Department shall issue written warnings in lieu of a summons for an alleged first violation of this chapter. An additional copy of this warning shall be kept on file with the Municipal Court Clerk of the City of Garfield for the purpose of providing evidence of failure by the minor, as well as the parent or guardian, to observe the provisions of this chapter in the event of any subsequent citation for an alleged violation of this chapter. No written warning shall be issued for any subsequent alleged violation of this chapter.

§ 202-5 Violations and penalties.

- A.** A person who violates a provision of this chapter is guilty of a separate offense for each day or part of a day during which the violation is committed, continued or permitted.
- B.** A first offense, upon conviction, is punishable by a fine not to exceed \$100 and may also include community service of up to 15 hours to the city.
- C.** A second offense, upon conviction, is punishable by a fine not to exceed \$500 and may also include community service of up to 30 hours to the city.
- D.** A third or subsequent offense, upon conviction, is punishable by a fine not to exceed \$1,000 and may also include community service of up to 45 hours to the city.
- F.** If both a juvenile and the juvenile's parent or guardian are convicted of violating the chapter, they shall be required to perform any community service together.

Section 2. The remainder of Chapter 202 is hereby ratified and remains in full force and effect.

Section 3. Any article, chapter, section, paragraph, subsection, clause, or other provision of the Code inconsistent with the provisions of this ordinance is hereby repealed to the extent of such inconsistency.

Section 4. In case, for any reason, any portion or provision of this Ordinance shall be held to be unconstitutional or invalid, the same shall not affect any other portion or provision of this Ordinance, except so far as the portion or provision so declared unconstitutional or invalid shall be severed from the remainder or any portion thereof.

**CITY OF GARFIELD
BERGEN COUNTY, NEW JERSEY
ORDINANCE NO.: 3014**

AN ORDINANCE REPEALING AND REPLACING PART II, GENERAL LEGISLATION, CHAPTER 284, STORMWATER CONTROL, OF THE REVISED GENERAL ORDINANCES OF THE CITY OF GARFIELD

WHEREAS, improved stormwater control standards are vital to the safety of the City of Garfield and the improvement of the quality of life of its residents; and

WHEREAS, the Governing Body of Garfield believes it is in the best interest of the City of Garfield to Repeal and Replace Part II General Legislation, Chapter 284, of the Code of the City of Garfield;

BE IT ORDAINED, by the Governing Body of the City of Garfield, that Part II, General Legislation, Chapter 284, Stormwater Control, is hereby repealed and replaced as follows:

Section 1. The current text of City Ordinance, Part II, General Legislation, Chapter 284, Stormwater Control, is hereby amended as follows:

Article I Stormwater Control

§284-1 Scope and purpose.

- A. Policy Statement. Flood control, groundwater recharge, and pollutant reduction shall be achieved through the use of stormwater management measures, including green infrastructure Best Management Practices (GI BMPs) and nonstructural stormwater management strategies. GI BMPs should be utilized to meet the goal of maintaining natural hydrology to reduce stormwater runoff volume, reduce erosion, encourage infiltration and groundwater recharge, and reduce pollution. GI BMPs should be developed based upon physical site conditions and the origin, nature and the anticipated quantity, or amount, of potential pollutants. Multiple stormwater management BMPs may be necessary to achieve the established performance standards for green infrastructure, water quality, quantity, and groundwater recharge.
- B. Purpose. The purpose of this ordinance is to establish minimum stormwater management requirements and controls for “major development,” as defined below in Section II.
- C. Applicability.
 - 1. This ordinance shall be applicable to the following major developments:
 - i. Non-residential major developments and redevelopment projects; and
 - ii. Aspects of residential major developments and redevelopment projects that are not pre-empted by the Residential Site Improvement Standards at N.J.A.C. 5:21 et seq.
 - 2. This ordinance shall also be applicable to all major developments undertaken by City of Garfield.
 - 3. Applicability of this ordinance to major developments shall comply with last amended N.J.A.C. 7:8-1.6, incorporated herein by reference and minor developments as defined herein.
- D. Compatibility with Other Permit and Ordinance Requirements
Development approvals issued pursuant to this ordinance are to be considered an integral part of development approvals and do not relieve the applicant of the

responsibility to secure required permits or approvals for activities regulated by any other applicable code, rule, act, or ordinance. In their interpretation and application, the provisions of this ordinance shall be held to be the minimum requirements for the promotion of the public health, safety, and general welfare.

This ordinance is not intended to interfere with, abrogate, or annul any other ordinances, rule or regulation, statute, or other provision of law except that, where any provision of this ordinance imposes restrictions different from those imposed by any other ordinance, rule or regulation, or other provision of law, the more restrictive provisions or higher standards shall control.

§284-2 Definitions.

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this ordinance clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory. The definitions used in this ordinance shall be the same as the last amended Stormwater Management Rules at N.J.A.C. 7:8-1.2, incorporated herein by reference. The following additional terms are defined for this chapter only.

- a. **EXEMPT DEVELOPMENT** – Shall mean any development that creates less than 1,000 square feet of new impervious area and disturbs less than 2,500 square feet of land. Further, an exempt development shall not meet the definition of "minor development."
- b. **MINOR DEVELOPMENT** – Shall mean any development that results in the creation of 1,000 square feet or more of new impervious area or one that disturbs more than 2,500 square feet of land area. Further, a minor development shall not meet the definition of "major development" in N.J.A.C. 7:8.

§284-3 Design and performance standards for stormwater management measures.

This section establishes design and performance standards for stormwater management measures for major development intended to minimize the adverse impact of stormwater runoff on water quality and water quantity and loss of groundwater recharge in receiving water bodies. Design and performance standards for stormwater management measures shall comply with last amended N.J.A.C. 7:8-5, incorporated herein by reference.

- a. Exempt Developments. Any project meeting the definition of "exempt development" shall be exempt from the provisions of this section.
- b. Minor Developments. Minor developments shall be designed to include the following stormwater management measures:
 - 1. Water Quality. Soil erosion and sediment control measures shall be installed in accordance with the Standards for Soil Erosion and Sediment Control in New Jersey.
 - 2. Rate/Volume Control. Seepage pits or other infiltration measures shall be provided with a capacity of three (3") inches of runoff for each square foot of new impervious area. Stone used in the infiltration devices shall be two and one-half (2 1/2") inches clean stone and design void ratio of 33% shall be used. The infiltration measures shall be designed with an overflow to the surface which shall be stabilized and directed to an existing stormwater conveyance system or in a manner to keep the overflow on the developed property to the greatest extent feasible. If the new impervious surface is not roof area, an equivalent area of existing roof may be directed to the

infiltration system. This shall be permitted where the existing roof is not already directed to infiltration devices.

§284-4 Solids and floatable materials control standards.

A. Site design features identified under Section 284-3 above, or alternative designs in accordance with Section 284-3 above, to prevent discharge of trash and debris from drainage systems shall comply with the following standard to control passage of solid and floatable materials through storm drain inlets. For purposes of this paragraph, “solid and floatable materials” means sediment, debris, trash, and other floating, suspended, or settleable solids. For exemptions to this standard see Section 284-4.A.2 below.

1. Design engineers shall use one of the following grates whenever they use a grate in pavement or another ground surface to collect stormwater from that surface into a storm drain or surface water body under that grate:
 - i. The New Jersey Department of Transportation (NJDOT) bicycle safe grate, which is described in Chapter 2.4 of the NJDOT Bicycle Compatible Roadways and Bikeways Planning and Design Guidelines; or
 - ii. A different grate, if each individual clear space in that grate has an area of no more than seven (7.0) square inches, or is no greater than 0.5 inches across the smallest dimension. Note that the Residential Site Improvement Standards at N.J.A.C. 5:21 include requirements for bicycle safe grates.

Examples of grates subject to this standard include grates in grate inlets, the grate portion (non-curb-opening portion) of combination inlets, grates on storm sewer manholes, ditch grates, trench grates, and grates of spacer bars in slotted drains. Examples of ground surfaces include surfaces of roads (including bridges), driveways, parking areas, bikeways, plazas, sidewalks, lawns, fields, open channels, and stormwater system floors used to collect stormwater from the surface into a storm drain or surface water body.

- iii. For curb-opening inlets, including curb-opening inlets in combination inlets, the clear space in that curb opening, or each individual clear space if the curb opening has two or more clear spaces, shall have an area of no more than seven (7.0) square inches, or be no greater than two (2.0) inches across the smallest dimension.
2. The standard in Section 284-4.A.1. above does not apply:
 - i. Where each individual clear space in the curb opening in existing curb-opening inlet does not have an area of more than nine (9.0) square inches;
 - ii. Where the municipality agrees that the standards would cause inadequate hydraulic performance that could not practicably be overcome by using additional or larger storm drain inlets;
 - iii. Where flows from the water quality design storm as specified in the last amended Stormwater Management rules at N.J.A.C. 7:8 et seq. are conveyed through any device (e.g., end of pipe netting facility, manufactured treatment device, or a catch basin hood) that is designed, at a minimum, to prevent delivery of all solid and

floatable materials that could not pass through one of the following:

- a. A rectangular space four and five-eighths (4.625) inches long and one and one-half (1.5) inches wide (this option does not apply for outfall netting facilities); or
- b. A bar screen having a bar spacing of 0.5 inches.

Note that these exemptions do not authorize any infringement of requirements in the Residential Site Improvement Standards for bicycle safe grates in new residential development (N.J.A.C. 5:21-4.18(b)2 and 7.4(b)1).

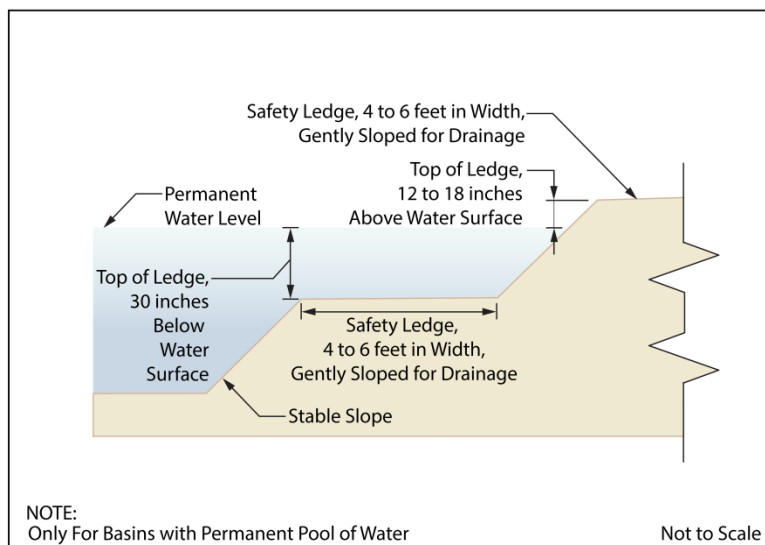

- iv. Where flows are conveyed through a trash rack that has parallel bars with one-inch (1 inch) spacing between the bars, to the elevation of the Water Quality Design Storm as specified in N.J.A.C. 7:8; or
- v. Where the New Jersey Department of Environmental Protection determines, pursuant to the New Jersey Register of Historic Places Rules at N.J.A.C. 7:4-7.2(c), that action to meet this standard is an undertaking that constitutes an encroachment or will damage or destroy the New Jersey Register listed historic property.

§284-5 Safety standards for stormwater management basins.

A. This section sets forth requirements to protect public safety through the proper design and operation of stormwater management basins. This section applies to any new stormwater management basin. Safety standards for stormwater management measures shall comply with last amended N.J.A.C. 7:8-6, incorporated herein by reference.

§284-6 Requirements for a site development stormwater plan.

A. Submission of Site Development Stormwater Plan

1. Whenever an applicant seeks municipal approval of a development subject to this ordinance, the applicant shall submit all of the required components of the Checklist for the Site Development Stormwater Plan at Section 284-6.C below as part of the submission of the application for approval.

2. The applicant shall demonstrate that the project meets the standards set forth in this ordinance.
3. The applicant shall submit [specify number] copies of the materials listed in the checklist for site development stormwater plans in accordance with Section 284-6.C of this ordinance.

B. Site Development Stormwater Plan Approval

The applicant's Site Development project shall be reviewed as a part of the review process by the municipal board or official from which municipal approval is sought. That municipal board or official shall consult the municipality's review engineer to determine if all of the checklist requirements have been satisfied and to determine if the project meets the standards set forth in this ordinance.

C. Submission of Site Development Stormwater Plan

The following information shall be required:

1. Topographic Base Map

The reviewing engineer may require upstream tributary drainage system information as necessary. It is recommended that the topographic base map of the site be submitted which extends a minimum of 200 feet beyond the limits of the proposed development, at a scale of 1"=200' or greater, showing 2-foot contour intervals. The map as appropriate may indicate the following: existing surface water drainage, shorelines, steep slopes, soils, erodible soils, perennial or intermittent streams that drain into or upstream of the Category One waters, wetlands and flood plains along with their appropriate buffer strips, marshlands and other wetlands, pervious or vegetative surfaces, existing man-made structures, roads, bearing and distances of property lines, and significant natural and manmade features not otherwise shown.

2. Environmental Site Analysis

A written and graphic description of the natural and man-made features of the site and its surroundings should be submitted. This description should include a discussion of soil conditions, slopes, wetlands, waterways and vegetation on the site. Particular attention should be given to unique, unusual, or environmentally sensitive features and to those that provide particular opportunities or constraints for development.

3. Project Description and Site Plans

A map (or maps) at the scale of the topographical base map indicating the location of existing and proposed buildings roads, parking areas, utilities, structural facilities for stormwater management and sediment control, and other permanent structures. The map(s) shall also clearly show areas where alterations will occur in the natural terrain and cover, including lawns and other landscaping, and seasonal high groundwater elevations. A written description of the site plan and justification for proposed changes in natural conditions shall also be provided.

4. Land Use Planning and Source Control Plan

This plan shall provide a demonstration of how the goals and standards of Section III is being met. The focus of this plan shall be to describe how the site is being developed to meet the objective of controlling groundwater recharge, stormwater quality and stormwater quantity problems at the source by land management and source controls whenever possible.

5. Stormwater Management Facilities Map

The following information, illustrated on a map of the same scale as the topographic base map, shall be included:

- i. Total area to be disturbed, paved or built upon, proposed surface contours, land area to be occupied by the stormwater management facilities and the type of vegetation thereon, and details of the proposed plan to control and dispose of stormwater.
- ii. Details of all stormwater management facility designs, during and after construction, including discharge provisions, discharge capacity for each outlet at different levels of detention and emergency spillway provisions with maximum discharge capacity of each spillway.

6. Calculations

- i. Comprehensive hydrologic and hydraulic design calculations for the pre-development and post-development conditions for the design storms specified in Section 284-3 of this ordinance.
- ii. When the proposed stormwater management control measures depend on the hydrologic properties of soils or require certain separation from the seasonal highwater table, then a soils report shall be submitted. The soils report shall be based on onsite boring logs or soil pit profiles. The number and location of required soil borings or soil pits shall be determined based on what is needed to determine the suitability and distribution of soils present at the location of the control measure.

7. Maintenance and Repair Plan

The design and planning of the stormwater management facility shall meet the maintenance requirements of Section 284-7.

8. Waiver from Submission Requirements

The municipal official or board reviewing an application under this ordinance may, in consultation with the municipality's review engineer, waive submission of any of the requirements in Section 284-6.C.1 through 284-6.C.6 of this ordinance when it can be demonstrated that the information requested is impossible to obtain or it would create a hardship on the applicant to obtain and its absence will not materially affect the review process.

9. Application and Review Fees

There shall be no additional fees for stormwater review for applications to the Land Use Board. Applications to the City Engineer shall be accompanied by a review fee in the amount of \$250 for minor developments and an initial escrow deposit of \$1,000 for major developments. If a project is approved, an inspection escrow deposit shall be made in an amount to be determined by the City Engineer.

§284-7 Maintenance and repair.

A. Applicability

Projects subject to review as in Section 284-1.C of this ordinance shall comply with the requirements of Section 284-7.B and 284-7V.C.

B. General Maintenance

1. Maintenance for stormwater management measures shall comply with last amended N.J.A.C. 7:8-5.8, incorporated herein by reference.
2. The following requirements of N.J.A.C. 7:8-5.8 do not apply to stormwater management facilities that are dedicated to and accepted by the municipality or another governmental agency, subject to all applicable municipal stormwater general permit conditions, as issued by the Department:
 - i. If the maintenance plan identifies a person other than the property owner (for example, a developer, a public agency or homeowners' association) as having the responsibility for maintenance, the plan shall include documentation of such person's or entity's agreement to assume this responsibility, or of the owner's obligation to dedicate a stormwater management facility to such person under an applicable ordinance or regulation; and
 - ii. Responsibility for maintenance shall not be assigned or transferred to the owner or tenant of an individual property in a residential development or project, unless such owner or tenant owns or leases the entire residential development or project. The individual property owner may be assigned incidental tasks, such as weeding of a green infrastructure BMP, provided the individual agrees to assume these tasks; however, the individual cannot be legally responsible for all of the maintenance required.
3. In the event that the stormwater management facility becomes a danger to public safety or public health, or if it is in need of maintenance or repair, the municipality shall so notify the responsible person in writing. Upon receipt of that notice, the responsible person shall have fourteen (14) days to effect maintenance and repair of the facility in a manner that is approved by the municipal engineer or his designee. The municipality, in its discretion, may extend the time allowed for effecting maintenance and repair for good cause. If the responsible person fails or refuses to perform such maintenance and repair, the municipality or County may immediately proceed to do so and shall bill the cost thereof to the responsible person. Nonpayment of such bill may result in a lien on the property.

C. Nothing in this subsection shall preclude the municipality in which the major development is located from requiring the posting of a performance or maintenance guarantee in accordance with N.J.S.A. 40:55D-53.

§284-8 Penalties.

Any person(s) who erects, constructs, alters, repairs, converts, maintains, or uses any building, structure or land in violation of this ordinance shall be subject to the penalties set forth in the City Code of the City of Garfield, in the discretion of the Judge of the Municipal Court before whom such violation is heard and conviction made. Each day that a violation occurs shall be deemed a separate and distinct violation, subject to the penalty provision of this Chapter.

§284-9 Severability.

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

§284-10 Effective date.

This Ordinance shall be in full force and effect from and after its adoption and any publication as may be required by law.

Article II Privately-Owned Salt Storage

§284-11 Purpose.

The purpose of this ordinance is to prevent stored salt and other solid de-icing materials from being exposed to stormwater.

This ordinance establishes requirements for the storage of salt and other solid de-icing materials on properties not owned or operated by the municipality (privately-owned), including residences, in the City of Garfield to protect the environment, public health, safety and welfare, and to prescribe penalties for failure to comply.

§284-12 Definitions.

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When consistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word “shall” is always mandatory and not merely directory.

- A. **“De-icing materials”** means any granular or solid material such as melting salt or any other granular solid that assists in the melting of snow.
- B. **“Impervious surface”** means a surface that has been covered with a layer of material so that it is highly resistant to infiltration by water.
- C. **“Storm drain inlet”** means the point of entry into the storm sewer system.
- D. **“Permanent structure”** means a permanent building or permanent structure that is anchored to a permanent foundation with an impermeable floor, and that is completely roofed and walled (new structures require a door or other means of sealing the access way from wind driven rainfall).

A fabric frame structure is a permanent structure if it meets the following specifications:

- 1. Concrete blocks, jersey barriers or other similar material shall be placed around the interior of the structure to protect the side walls during loading and unloading of de-icing materials;
 - 2. The design shall prevent stormwater run-on and run through, and the fabric cannot leak;
 - 3. The structure shall be erected on an impermeable slab;
 - 4. The structure cannot be open sided; and
 - 5. The structure shall have a roll up door or other means of sealing the access way from wind driven rainfall.
- E. **“Person”** means any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.
 - F. **“Resident”** means a person who resides on a residential property where de-icing material is stored.

§284-13 Deicing material storage requirements.

- A. Temporary outdoor storage of de-icing materials in accordance with the requirements below is allowed between October 15th and April 15th:

1. Loose materials shall be placed on a flat, impervious surface in a manner that prevents stormwater run-through;
 2. Loose materials shall be placed at least 50 feet from surface water bodies, storm drain inlets, ditches and/or other stormwater conveyance channels;
 3. Loose materials shall be maintained in a cone-shaped storage pile. If loading or unloading activities alter the cone-shape during daily activities, tracked materials shall be swept back into the storage pile, and the storage pile shall be reshaped into a cone after use;
 4. Loose materials shall be covered as follows:
 - a. The cover shall be waterproof, impermeable, and flexible;
 - b. The cover shall extend to the base of the pile(s);
 - c. The cover shall be free from holes or tears;
 - d. The cover shall be secured and weighed down around the perimeter to prevent removal by wind; and
 - e. Weight shall be placed on the cover(s) in such a way that minimizes the potential of exposure as materials shift and runoff flows down to the base of the pile.
 - (1) Sandbags lashed together with rope or cable and placed uniformly over the flexible cover, or poly-cord nets provide a suitable method. Items that can potentially hold water (e.g., old tires) shall not be used;
 5. Containers must be sealed when not in use; and
 6. The site shall be free of all de-icing materials between April 16th and October 14th.
- B. De-icing materials should be stored in a permanent structure if a suitable storage structure is available. For storage of loose de-icing materials in a permanent structure, such storage may be permanent, and thus not restricted to October 15 - April 15.
- C. All such temporary and/or permanent structures must also comply with all other local ordinances, including building and zoning regulations.
- D. The property owner, or owner of the de-icing materials if different, shall designate a person(s) responsible for operations at the site where these materials are stored outdoors, and who shall document that weekly inspections are conducted to ensure that the conditions of this ordinance are met. Inspection records shall be kept on site and made available to the municipality upon request.
1. Residents who operate businesses from their homes that utilize de-icing materials are required to perform weekly inspections.

§284-14 Exemptions.

Residents may store de-icing materials outside in a solid-walled, closed container that prevents precipitation from entering and exiting the container, and which prevents the de-icing materials from leaking or spilling out. Under these circumstances, weekly inspections are not necessary, but repair or replacement of damaged or inadequate containers shall occur within 2 weeks.

If containerized (in bags or buckets) de-icing materials are stored within a permanent structure, they are not subject to the storage and inspection requirements in **Section 284-**

13 above. Piles of de-icing materials are not exempt, even if stored in a permanent structure.

This ordinance does not apply to facilities where the stormwater discharges from de-icing material storage activities are regulated under another NJPDES permit.

§284-15 Enforcement.

This ordinance shall be enforced by the Police Department and/or City of Garfield Department of Public Works during the course of ordinary enforcement duties.

§284-16 Violations and penalties.

Any person(s) who is found to be in violation of the provisions of this ordinance shall have 72 hours to complete corrective action. Thereafter, any person, firm or corporation who or which shall violate any of the provisions of this Chapter shall, upon conviction thereof, be liable for penalties set forth in the City Code of the City of Garfield, in the discretion of the Judge of the Municipal Court before whom such violation is heard and conviction made. Each day that a violation occurs shall be deemed a separate and distinct violation, subject to the penalty provision of this Chapter.

§284-17 Severability.

Each section, subsection, sentence, clause, and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause, and phrase, and finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause or reason shall not affect any other portion of this Ordinance.

§284-18 Effective date.

This Ordinance shall be in full force and effect from and after its adoption and any publication as may be required by law.

Section 2. The remainder of Chapter 284, are ratified and remain unchanged as a result of this Ordinance amendment.

Section 3. Any article, chapter, section, paragraph, subsection, clause, or other provision of the Code inconsistent with the provisions of this ordinance is hereby repealed to the extent of such inconsistency.

Section 4. In case, for any reason, any portion or provision of this Ordinance shall be held to be unconstitutional or invalid, the same shall not affect any other portion or provision of this Ordinance, except so far as the portion or provision so declared unconstitutional or invalid shall be severed from the remainder or any portion thereof.

WHEREAS, the City of Garfield (the “City”) and Meridia Transit Crossing, Urban Renewal, LLC (“Redeveloper”) executed a redevelopment agreement to redevelop the former Sketchley property, located at 200 & 202 Schley Street, Garfield, New Jersey (Block 119.03, Lot 52); and

WHEREAS, the Redeveloper was required to post a maintenance bond following the completion of the project in order to guarantee the improvements and to replace, repair or pay for any defects for a period of two (2) years after the issuance of a certification of completion; and

WHEREAS, the Redeveloper did post a maintenance bond, identified as Maintenance Bond # 56776 issued by the Service Insurance Company, Inc., pursuant to the terms of the redevelopment agreement; and

WHEREAS, the Bond is more fully identified as: Bond # 56776, Amount: \$11,000.00, Property Covered: 200 & 202 Schley Street, Garfield, New Jersey, Block 119.03, Lot 52, SP No. 8269; and

WHEREAS, the City issued a Certificate of Completion on October 15, 2018; and

WHEREAS, a period of two (2) years or more has elapsed since the issuance of the Certificate of Completion, representing final acceptance by the City and there being no deficiencies or known defects requiring either repair or replacement;

NOW, THEREFORE, BE IT RESOLVED that the Mayor and Council of the City of Garfield hereby releases Meridia Transit Crossing from any further requirements to post this bond and the bond is released in its entirety.
