ORDINANCE NO.: 3030**

AN ORDINANCE ESTABLISHING REQUIREMENTS FOR TREE REMOVAL AND REPLACEMENT, AND TO REPEAL AND REPLACE PART II, GENERAL LEGISLATION, OF THE REVISED GENERAL ORDINANCES OF THE CITY OF GARFIELD

WHEREAS, the New Jersey Department of Environmental Protection (“NJDEP”) revised its Tier A Master Stormwater Permit requiring municipalities to adopt and enforce a community-wide ordinance covering tree removal and replacement; and

WHEREAS, the NJDEP Stormwater Program provides assistance to municipalities complying with the program and the adoption of stormwater-related ordinances such as the tree removal/replacement ordinance; and

WHEREAS, the Governing Body of Garfield believes it is in the best interest of the City of Garfield to Amend Part II General Legislation, of the Code of the City of Garfield;

BE IT ORDAINED by the Mayor and City Council of Garfield, County of Bergen, State of New Jersey, as follows:

Section 1. Part II, General Legislation, Chapter 315, Tree Removal and Replacement, is hereby enacted as follows

§ 315-1 Purpose.

An ordinance to establish requirements for tree removal and replacement and penalties for noncompliance in the City of Garfield to protect the environment, public health, safety and welfare.

§ 315-2 Definitions.

For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this ordinance clearly demonstrates a different meaning. When consistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The use of the word "shall" means the requirement is always mandatory and not merely directory.

A. “Applicant” means any “person”, as defined below, who applies for approval to remove trees regulated under this ordinance.

B. “Diameter at Breast Height (DBH)” means the diameter of the trunk of a tree generally measured at a point four and a half feet above ground level from the downhill side of the tree.

C. “Tree of Significance” means any tree that is recognized by the municipal governing body or local historical organization(s) as being of significance due to its size, unique value, age, rarity, or the aesthetic, botanical, ecological, and historical value.

D. “Homeowner” means a person(s) who owns a residence.

E. “Nuisance tree” means any tree, or limb thereof, that has an infectious disease or insect; is dead or dying; obstructs the view of traffic signs or the free passage of pedestrians or vehicles; is causing obvious damage to structures (such as building foundations, sidewalks, etc.); or threatens public health, safety, and welfare.

F. “Person” means any individual, corporation, company, partnership, firm, association, political subdivision of this State and any state, interstate or Federal agency.

G. “Planting strip” means the part of a street right-of-way between the abutting property line and the curb or traveled portion of the street, exclusive of any sidewalk.

H. "Street Tree" means a tree planted in the sidewalk or a planting strip in the public right-of-way.

I. "Tree" means a woody perennial plant, typically having a single stem or trunk growing to a considerable height and bearing lateral branches at some distance from the ground.

J. "Tree removal" means to kill or to cause irreparable damage that leads to the decline and/or death of a tree. This includes, but is not limited to, excessive pruning, application of substances that are toxic to the tree, and improper grading and/or soil compaction around the base of the tree that leads to the decline and/or death of a tree. Removal does not include responsible pruning and maintenance of a tree, or the application of tree treatments intended to manage invasive species.

§ 315-3 Tree Removal.

Any person planning to remove a street tree with DBH of 2.5" or more or any non-street tree with DBH of 6" or more on their property shall submit a Tree Removal Application to Building Department of the City of Garfield. No tree shall be removed without first having obtained a tree removal permit as provided herein, and until municipal officials have reviewed and approved the removal. Applicants will be subject to an application fee as per Table 1 below.

§ 315-3 Tree Removal Permits.

- A.** Any person wishing to obtain a tree removal permit shall make application to the Building Department by filing a written application and paying such fees as are set forth in § 315-4.
- B.** Tree removal permit applications shall be filed at the Building Department and shall be completed in full. The application must be deemed complete and all required fees, as set forth in § 315-4, be paid prior to review.
- C.** Any and all permits approved by the Cit shall be declared null and void if the tree removal is not completed within a reasonable time, not to exceed 12 months after permit issuance. In no case will the permit be valid for more than 12 months. Permits not used within this period will require a new application and the payment of new fees. For purposes of this section, a permit shall no longer be valid when the work authorized by the permit is completed.

§ 315-4 Fees.

- A.** Application.
 - 1. The applicant, at time of filing the application with the Municipal Officer, shall pay the application fee of \$5 per tree for single-family residential lots, with a maximum fee of \$100 per lot. For all other applications, the fee shall be \$150 for the removal of five or fewer trees or \$150, plus \$25 for each tree removed over five trees. No application shall be considered without the payment of the required fees.
 - 2. The replacement fee will be at the applicant's expense.

§ 315-5 Tree Replacement Requirements.

- 1. Within a five-year period, any person who removes one or more street tree(s) with a DBH of 2.5" or more, unless exempt under Section IV, shall be subject to the requirements of the Tree Replacement Requirements Table below.
- 2. For applicants, other than "Homeowners":
Within a five-year period, any person, other than a homeowner, who removes one or more tree(s) with a DBH of 6" or more per acre, unless exempt under Section IV,

shall be subject to the requirements of the Tree Replacement Requirements Table below.

3. For Homeowner applicants:

4. Replacement tree types:
The species type and diversity of replacement trees shall be in accordance with the City of Garfield's tree list distributed at the time of the issuance of the removal permit taking into account the "Right Tree Right Place" guidelines. In cases where the planting of a new tree(s) in place of the one removed would not be suitable for the particular site prescribed, due to the size of the site or location of other trees or be found to prevent the necessary and reasonable use of a street, sidewalk or abutting property, the City may release the applicant from the requirement of planting a new tree, as per § 315-6.
5. Replacement trees prohibited.
Exotic invasive species shall not be used as replacement trees as identified in the New Jersey Invasive Species Strike Team's "Do Not Plant List" at the time of the application.
6. Replacement tree(s) shall meet the Required Actions in Table below, and shall be planted within twelve (12) months of the date of removal of the original tree(s). Replacement tree(s) shall be monitored by the applicant for a period of two (2) years to ensure their survival and shall be replaced as needed within twelve (12) months. Trees planted in temporary containers or pots do not count towards tree replacement requirements.
