BE IT ORDAINED by the City Council of the City of Garfield, in the County of Bergen, State of New Jersey, as follows:

Section 1. The City of Garfield, in the County of Bergen, State of New Jersey (the "City") is hereby authorized to replace the water main and lead water service lines along Union Avenue, Prospect Street and Liberty Street in, by and for the Water Utility of the City. Said improvements shall include all work, materials and appurtenances necessary and suitable therefor.

Section 2. The sum of \$850,000 is hereby appropriated to the payment of the cost of making the improvements described in Section 1 hereof (hereinafter referred to as "purpose"). Said appropriation shall be met from the proceeds of the sale of the bonds authorized by this ordinance. No down payment is required for this bond ordinance pursuant to the provisions of N.J.S.A. 40A:2-11(c) and 40A:2-7(h). It is anticipated that funds contributed by the Garfield Board of Education (the "Board of Education") shall be received by the City pursuant to an interlocal service agreement to be entered into between the City and the Board of Education to finance the cost of the water main replacement component of the improvements (the cost of which is estimated to be \$600,000) described in Section 1 hereof. Said funds shall be applied as set forth in Section 10 hereof. Said improvements shall be made as general improvements and no part of the cost thereof shall be assessed against property specially benefited.

Section 3. It is hereby determined and stated that (1) said purpose is not a current expense of said City, and (2) it is necessary to finance said purpose by the issuance of obligations of said City pursuant to the Local Bond Law (Chapter 2 of Title 40A of the New Jersey Statutes Annotated, as amended; the "Local Bond Law"), and (3) the estimated cost of said purpose is \$850,000, and (4) the estimated maximum amount of bonds or notes necessary to be issued for said purpose is \$850,000, and (5) the cost of such purpose, as hereinbefore stated, includes the aggregate amount of \$105,000 which is estimated to be necessary to finance the cost of such purpose, including architect's fees, accounting, engineering and inspection costs, legal expenses and other expenses, including interest on such obligations to the extent permitted by Section 20 of the Local Bond Law.

Section 4. It is hereby determined and stated that the Water Utility would have been self-liquidating, as defined in Section 47(a) of the Local Bond Law, during the fiscal year beginning January 1, 2025, had there been included in the interest and debt redemption charges for such year an amount equal to interest for one year at the rate of four and one half per centum (4½%) per annum on said bonds or notes, and the amount of the first installment of serial bonds legally issuable to finance such purpose plus an amount for charges as aforesaid with respect to all bonds and notes authorized but not issued for such Water Utility.

Section 5. To finance said purpose, bonds of said City of an aggregate principal amount not exceeding \$850,000 are hereby authorized to be issued pursuant to the Local Bond Law. Said bonds shall bear interest at a rate per annum as may be hereafter determined within the limitations prescribed by law. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 6. To finance said purpose, bond anticipation notes of said City of an aggregate principal amount not exceeding \$850,000 are hereby authorized to be issued pursuant to the Local Bond Law in anticipation of the issuance of said bonds. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of outstanding bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds shall, to not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 7. Each bond anticipation note issued pursuant to this ordinance shall be dated on or about the date of its issuance and shall be payable not more than one year from its date, shall bear interest at a rate per annum as may be hereafter determined within the limitations prescribed by law and may be renewed from time to time pursuant to and within limitations prescribed by the Local Bond Law. Each of said bond anticipation notes shall be signed by the Mayor and by a financial officer and shall be under the seal of said City and attested by the City Clerk or Deputy City Clerk. Said officers are hereby authorized to execute said notes in such form as they may adopt in conformity with law. The power to determine any matters with respect to said notes not determined by this ordinance and also the power to sell said notes, is hereby delegated to the Chief Financial Officer who is hereby authorized to sell said notes either at one time or from time to time in the manner provided by law.

Section 8. It is hereby determined and declared that the period of usefulness of said purpose, according to its reasonable life, is a period of thirty years computed from the date of said bonds.

Section 9. It is hereby determined and stated that the Supplemental Debt Statement required by the Local Bond Law has been duly made and filed in the office of the City Clerk of said City, and that such statement so filed shows that the gross debt of said City, as defined in Section 43 of the Local Bond Law, is increased by this ordinance by \$850,000, but said \$850,000 shall be deducted from gross debt pursuant to Section 44(c) of the Local Bond Law and that the issuance of the bonds and notes authorized by this ordinance is permitted by an exception to the

debt limitations prescribed by the Local Bond Law as provided in Sections 47(a) and 7(h) of the Local Bond Law.

Section 10. Any funds received from the Board of Education, private parties, the County of Bergen, the State of New Jersey or any of their agencies or any funds received from the United States of America or any of its agencies in aid of such purpose shall be applied to the payment of the cost of such purpose, or, if bond anticipation notes have been issued, to the payment of the bond anticipation notes, and the amount of bonds authorized for such purpose shall be reduced accordingly.

Section 11. The capital budget is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency therewith and the resolutions promulgated by the Local Finance Board showing full detail of the amended capital budget and capital program as approved by the Director, Division of Local Government Services, is on file with the City Clerk and is available for public inspection.

Section 12. The City intends to issue the bonds or notes to finance the cost of the improvements described in Section 1 of this bond ordinance. If the City incurs such costs prior to the issuance of the bonds or notes, the City hereby states its reasonable expectation to reimburse itself for such expenditures with the proceeds of such bonds or notes in the maximum principal amount of bonds or notes authorized by this bond ordinance.

Section 13. The full faith and credit of the City are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this ordinance. Said obligations shall be direct, unlimited and general obligations of the City, and the City shall levy ad valorem taxes upon all the taxable real property within the City for the payment of the principal of and interest on such bonds and notes, without limitation as to rate or amount.

Section 14. This ordinance shall take effect twenty days after the first publication thereof after final passage.

The existing subsections **B, C and D** of § 220-10 shall remain unchanged.

SECTION 8. Amendment to § 220-11, “Enforcement; Violations and Penalties.”

Section 220-11 is hereby deleted and replaced in its entirety with the following:

§ 220-11. Enforcement; Violations and Penalties.

A. Violation of any provision of this chapter shall be cause for a Notice of Violation (“NOV”) or a Notice of Penalty Assessment (“NOPA”) document to be issued to the violator by the Noise Control Officer or Noise Control Investigator.

B. Any person who violates any provision of this chapter shall be subject to a civil penalty for each offense of not more than the maximum penalty authorized pursuant to **N.J.S.A. 40:49-5**. If the violation is of a continuing nature, each day during which it occurs shall constitute an additional, separate and distinct offense.

C. Upon identification of a violation of this chapter, the Noise Control Officer or Noise Control Investigator shall issue an enforcement document to the violator. The enforcement document shall identify the condition or activity that constitutes the violation and the specific provision of this chapter that has been violated. It shall also indicate whether the violator has a period of time to correct the violation before a penalty is sought.

D. If the violation is deemed by the Noise Control Officer or Noise Control Investigator to be a minor violation, as defined in § 220-2, an NOV shall be issued to the violator.

(1) The document shall indicate that the purpose of the NOV is intended to serve as a notice to warn the responsible party/violator of the violation conditions in order to provide the violator with an opportunity to voluntarily investigate the matter and voluntarily take corrective action to address the identified violation.

(2) The NOV shall identify a time period of **not less than 30 days and not more than 90 days**, pursuant to the Grace Period Law, N.J.S.A. 13:1D-125 et seq., during which the responsible party's/violator's voluntary action can prevent a formal enforcement action with penalties being issued.

The NOV shall state that it does not constitute a formal enforcement action, a final agency action, or a final legal determination that a violation has occurred and, therefore, may not be appealed or contested.

E. If the violation is deemed by the Noise Control Officer or Noise Control Investigator to be a non-minor violation, the violator shall be notified that if the violation is not immediately corrected, a NOPA with a civil penalty of not more than the maximum penalty authorized pursuant to N.J.S.A. 40:49-5 will be issued.

If a non-minor violation is immediately corrected, an NOV without a civil penalty shall still be issued to document the violation.

If the violation occurs again within 12 months of the initial violation, a NOPA shall be issued regardless of whether the violation is immediately corrected or not.

If an NOV, i.e., a warning without penalty, is issued, a NOPA may be issued the same day if a subsequent violation is documented.

F. The violator may request from the Noise Control Officer or Noise Control Investigator an extension of the compliance deadline in the enforcement action.

The Noise Control Officer or Noise Control Investigator shall have the option to approve any reasonable request for an extension, not to exceed **180 days**, if the violator can demonstrate that a good-faith effort has been made to achieve compliance.

If an extension is not granted and the violation continues to exist after the grace period ends, a NOPA shall be issued.

G. The recipient of a NOPA shall be entitled to a hearing in a municipal court having jurisdiction to contest such action.

H. The Noise Control Officer or Noise Control Investigator may seek injunctive relief if the responsible party does not remediate the violation within the period of time specified in the NOPA issued.

I. Any claim for a civil penalty may be compromised and settled based upon the following factors:

1. Mitigating or any other extenuating circumstances;

ORDINANCE NO.: 3164**

AN ORDINANCE AMENDING CHAPTER 224, “PARADES AND SPECIAL EVENTS,” OF THE CODE OF THE CITY OF GARFIELD TO PROVIDE FOR THE RECOVERY OF MUNICIPAL PERSONNEL, EQUIPMENT AND SERVICE COSTS ASSOCIATED WITH SPECIAL EVENTS

BE IT ORDAINED, by the Mayor and City Council of the City of Garfield, County of Bergen, State of New Jersey, as follows:

SECTION 1. Amendment to § 224-1, Purpose.

Chapter 224, § 224-1, entitled “**Purpose**,” is hereby amended to read as follows:

§ 224-1. Purpose.

This chapter establishes the standards for the issuance of permits for parades, athletic events, and other special events in the City of Garfield in order to protect the public health and safety, preserve and protect the public rights-of-way and property of the City, and require applicants and sponsors to bear the costs reasonably incurred by the City in connection with such events, including the costs of municipal personnel, equipment, services, inspections, traffic and crowd control, cleanup, and restoration, to the extent permitted by law.

SECTION 2. Amendment to § 224-12, Traffic Control Fees.

Chapter 224, § 224-12, entitled “**Traffic control fees**,” is hereby amended and supplemented to read as follows:

§ 224-12. Traffic Control Fees and Municipal Personnel Costs.

A. Police traffic and crowd control fees.

Upon approval of an application for a special event permit, the Chief of Police shall provide the applicant with a statement of the estimated cost of providing police officers for crowd and traffic control at the event. The applicant/sponsor of the event shall be required to prepay the estimated police traffic and crowd control fees prior to the issuance of a special event permit. Traffic and crowd control by officers include clearing the event route or site of unauthorized vehicles, diversion of traffic around the event, and directing pedestrian and vehicular traffic along the route of an event.

B. Computing police traffic and crowd control fees.

The traffic control fees will be computed by determining the number of police officers who will be required for crowd and traffic control in addition to those who would otherwise be on duty at that time, the number of hours the officers will be on duty for the event, and the City's full cost of providing officers on an hourly basis as established by the Police Department fee schedule. Should the actual full cost to the City by reason of the event exceed the estimated cost, the applicant/sponsor shall pay the balance upon demand by the City Clerk.

C. Municipal personnel and service costs.

In addition to the police traffic and crowd control fees set forth herein, the applicant/sponsor of a special event shall be responsible for the **actual costs incurred by the City for municipal personnel, equipment, and services reasonably required in connection with the event**. Such costs may include, but shall not be limited to, costs incurred by the Police Department,

Department of Public Works, Health Department, Fire Prevention Bureau, or any other City department, division, office, agency, or personnel providing services necessitated by the event.

D. Department of Public Works costs.

Municipal personnel and service costs shall include, as applicable, the City's actual costs for Department of Public Works personnel, equipment, and services required in connection with the event, including, but not limited to, the placement, maintenance, and removal of barricades, traffic control devices or other equipment; setup and breakdown; cleanup; removal of refuse; restoration of City property; and other services necessitated by or directly attributable to the event.

E. Health Department and Fire Prevention Bureau costs.

Municipal personnel and service costs shall also include, as applicable, the City's actual costs for Health Department and Fire Prevention Bureau personnel required to attend, inspect, monitor, or otherwise provide services at or in connection with the event.

The costs imposed pursuant to this subsection are **separate and distinct from any application, permit, inspection, licensing, or other fees imposed by the Health Department or Fire Prevention Bureau pursuant to applicable State law, regulation, or ordinance.** Payment of any such application, permit, inspection, licensing, or other fee shall not relieve the applicant/sponsor of responsibility for municipal personnel and service costs incurred pursuant to this section.

F. Determination of personnel and services required.

The City, through the appropriate department head or designee, shall determine the number and type of municipal personnel, equipment, and services reasonably required based upon the nature, size, location, duration, anticipated attendance, anticipated traffic or pedestrian impacts, structures or activities involved, and other circumstances associated with the proposed event.

G. Estimated costs and prepayment.

Upon approval or conditional approval of an application, the City may provide the applicant/sponsor with an estimate of the municipal personnel, equipment, and service costs anticipated to be incurred in connection with the event. The City may require the applicant/sponsor to prepay all or a portion of the estimated costs prior to issuance of the special event permit.

H. Final costs.

Following the event, the City shall determine the actual costs incurred in providing municipal personnel, equipment, and services. If the actual costs exceed the amount prepaid, the applicant/sponsor shall pay the balance upon demand by the City Clerk. If the amount prepaid exceeds the actual costs incurred, the excess shall be refunded to the applicant/sponsor.

I. Calculation of costs.

Municipal personnel and service costs shall be calculated using the applicable rates established by the City, including, where applicable, the employee's regular or overtime rate, contractual premium or differential, payroll-related costs, equipment costs, and other direct costs incurred by the City in providing personnel, equipment, or services for the event.

J. Waiver or reduction of municipal personnel and service costs.

The City Manager, in his or her discretion, may waive or reduce all or a portion of the municipal personnel, equipment, and service costs otherwise payable under this section when the event is sponsored by or conducted for the benefit of a nonprofit organization, charitable organization, civic organization, community group, or other entity or activity that provides a substantial public or community benefit, or when the City Manager determines that such waiver or reduction is otherwise warranted by the circumstances of the event.

Any waiver or reduction granted pursuant to this subsection shall apply only to costs otherwise imposed pursuant to this section and shall **not** waive or reduce any fee, permit requirement, inspection fee, license fee, or other charge imposed pursuant to State law, regulation, or any other applicable ordinance unless such waiver is otherwise authorized by law.

K. City-sponsored events.

Events sponsored by the City of Garfield and otherwise exempt from the special event permit requirement pursuant to § 224-3.1 shall not be subject to the cost-recovery requirements of this section.

SECTION 3. Amendment to § 224-9, Permit Issuance.

Chapter 224, § 224-9, entitled “**Permit issuance,**” is hereby amended and supplemented by adding a new subsection D as follows:

§ 224-9. D.

Payment of all estimated police traffic and crowd control fees, municipal personnel and service costs, and any applicable cleanup deposit required pursuant to this chapter shall be a condition of issuance of the special event permit, unless waived or modified by the City Manager pursuant to § 224-12(J) or otherwise authorized by this chapter.

SECTION 4. Amendment to § 224-13, Cleanup Deposits for Certain Special Events.

Chapter 224, § 224-13(C), entitled “**Cleanup deposits for certain special events,**” is hereby amended to read as follows:

§ 224-13. C.

If the property used for the event has not been properly cleaned or restored, the applicant/sponsor shall be billed for the actual cost incurred by the City for cleanup and restoration, including the cost of Department of Public Works personnel, equipment, materials, and other services. The cleanup deposit, or a portion thereof, shall be applied toward payment of the bill. Any costs incurred by the City in excess of the cleanup deposit shall be the responsibility of the applicant/sponsor and shall be payable upon demand by the City Clerk.

SECTION 5. Continuing Effect.

Except as hereby amended, all other provisions of Chapter 224, “**Parades and Special Events,**” of the Code of the City of Garfield shall remain in full force and effect.

SECTION 6. Severability.

If any section, subsection, paragraph, clause, phrase, or provision of this Ordinance shall be adjudged invalid or unconstitutional by a court of competent jurisdiction, such adjudication shall not affect the validity of the remaining portions of this Ordinance, which shall remain in full force and effect.

SECTION 7. Repealer.

All ordinances or parts of ordinances inconsistent with this Ordinance are hereby repealed to the extent of such inconsistency.

SECTION 8. Effective Date.

This Ordinance shall take effect immediately upon final passage and publication according to law.
