ORDINANCE NO.: 3165**

**AN ORDINANCE REGULATING THE PLACEMENT AND OPERATION OF
AUTOMATED LICENSE PLATE RECOGNITION SYSTEMS ON MUNICIPAL
PROPERTY AND WITHIN MUNICIPAL RIGHTS-OF-WAY IN THE CITY OF
GARFIELD**

WHEREAS, the City of Garfield recognizes the importance of utilizing technology in a manner that promotes public safety while protecting the privacy, security, and property interests of residents, businesses, visitors, and motorists; and

WHEREAS, Automated License Plate Recognition (“ALPR”) technology is capable of capturing, analyzing, storing, and transmitting vehicle and license plate information and may generate vehicle-location data; and

WHEREAS, the State of New Jersey, through the Office of the Attorney General, has established statewide requirements governing the use of ALPR technology and ALPR-generated data by law enforcement agencies, including Attorney General Law Enforcement Directive No. 2022-12 and any successor directives, guidelines, policies, or orders; and

WHEREAS, the City Council finds that the installation and operation of privately controlled ALPR systems on municipal property or within municipal rights-of-way should be regulated to ensure appropriate control over municipal property and public rights-of-way, avoid unauthorized or conflicting uses of municipal infrastructure, and protect public safety and privacy interests; and

WHEREAS, the City Council further recognizes that law enforcement agencies require the ability to deploy and utilize ALPR technology for legitimate public safety and law enforcement purposes in accordance with applicable law and directives; and

WHEREAS, the City Council further recognizes that ordinary consumer security cameras used by homeowners and businesses for general security purposes are distinct from ALPR systems and should not be prohibited by this Ordinance;

NOW, THEREFORE, BE IT ORDAINED by the Mayor and Council of the City of Garfield, County of Bergen, State of New Jersey, as follows:

SECTION 1. PURPOSE AND INTENT

The purpose of this Ordinance is to regulate the placement, installation, operation, ownership, maintenance, and control of Automated License Plate Recognition systems located upon or affixed to municipal property or located within a municipal right-of-way.

Nothing contained herein shall be construed to restrict or interfere with the lawful operation of ALPR systems by the Garfield Police Department or any other law enforcement or governmental agency acting within its lawful authority and in compliance with applicable federal and State law, including applicable New Jersey Attorney General directives, guidelines, policies, and orders.

SECTION 2. DEFINITIONS

For purposes of this Ordinance, the following words and phrases shall have the meanings set forth below:

A. “Automated License Plate Recognition” or “ALPR” means technology that uses optical character recognition, computer algorithms, or similar technology to automatically detect, read, capture, analyze, record, or convert images of vehicle license plates into computer-readable information or data, including technology capable of creating searchable vehicle-location information.

B. “ALPR System” means any camera, device, sensor, software, computer system, database, network, or combination thereof designed or configured to perform Automated License Plate Recognition, including fixed, portable, temporary, mobile, or remotely operated systems.

C. “Municipal Property” means any real property, structure, building, facility, utility pole, traffic signal, streetlight, signpost, parking facility, public safety facility, or other property owned, leased, controlled, maintained, or operated by the City of Garfield.

D. “Municipal Right-of-Way” means any public street, roadway, alley, sidewalk, easement, public access area, or other right-of-way owned, controlled, or maintained by or on behalf of the City of Garfield.

E. “Consumer Security Camera” means a non-ALPR camera commonly used by homeowners or small businesses, including but not limited to Ring, Wyze, Nest, Blink, Arlo, or similar devices, that record general video footage but do not automatically scan, analyze, identify, or transmit license plate or vehicle-movement data to external databases.

F. “Law Enforcement Agency” means the Garfield Police Department and any other federal, State, county, or municipal law enforcement agency or other governmental law enforcement entity authorized by law to conduct law enforcement activities within the City of Garfield.

G. “Private Entity” means any person, corporation, partnership, limited liability company, association, business, organization, or other nongovernmental entity.

SECTION 3. PROHIBITION ON PRIVATELY CONTROLLED ALPR SYSTEMS ON MUNICIPAL PROPERTY AND WITHIN MUNICIPAL RIGHTS-OF-WAY

A. No Private Entity shall install, place, mount, affix, operate, maintain, or cause to be installed, placed, mounted, affixed, operated, or maintained any ALPR System upon, within, or attached to Municipal Property or within a Municipal Right-of-Way without express written authorization from the City of Garfield.

B. No Private Entity shall attach or affix an ALPR System to any City-owned or City-controlled pole, traffic signal, streetlight, sign, utility structure, building, facility, or other municipal infrastructure.

C. No Private Entity shall use Municipal Property or a Municipal Right-of-Way as a location for an ALPR System for the purpose of collecting, storing, analyzing, transmitting, selling, sharing, or otherwise processing ALPR information independently of the City of Garfield or a Law Enforcement Agency.

D. No agreement, lease, license, permit, easement, or other authorization concerning Municipal Property or a Municipal Right-of-Way shall be construed as authorizing the installation or operation of an ALPR System unless such authorization is expressly granted in writing by the City and is otherwise permitted by applicable law.

SECTION 4. LAW ENFORCEMENT AND GOVERNMENTAL EXEMPTION

A. Nothing in this Ordinance shall prohibit, restrict, regulate, or otherwise interfere with the Garfield Police Department's installation, ownership, operation, maintenance, management, or use of an ALPR System on Municipal Property or within a Municipal Right-of-Way when such system is being used for a legitimate law enforcement or public safety purpose.

B. Nothing in this Ordinance shall prohibit, restrict, regulate, or otherwise interfere with any other Law Enforcement Agency or governmental agency from lawfully installing, operating, maintaining, or utilizing an ALPR System on Municipal Property or within a Municipal Right-of-Way when such activity is authorized by law and conducted in accordance with all applicable federal and State laws, regulations, New Jersey Attorney General directives, guidelines, policies, orders, and applicable interagency agreements.

C. The Garfield Police Department's use of ALPR technology shall remain subject to all applicable requirements governing law enforcement ALPR systems and ALPR-generated data,

including any current or successor New Jersey Attorney General directives, guidelines, policies, audit requirements, training requirements, access restrictions, data-retention requirements, and data-sharing requirements.

D. Nothing in this Ordinance shall be interpreted to grant the City Council, any municipal department, or any municipal official authority to modify, supersede, restrict, or otherwise conflict with requirements imposed upon law enforcement agencies by the New Jersey Attorney General or other controlling federal or State law.

SECTION 5. GARFIELD POLICE DEPARTMENT PARTNERSHIPS WITH PRIVATE PROPERTY OWNERS

A. The Garfield Police Department may, when determined appropriate for legitimate law enforcement, crime prevention, investigative, or public safety purposes, enter into an arrangement or agreement with the owner, tenant, or lawful occupant of private residential or commercial property for the placement of an ALPR camera or ALPR System on or associated with such private property.

B. Any ALPR camera or ALPR System installed pursuant to this Section shall be subject to the direction, control, management, and oversight of the Garfield Police Department.

C. The Garfield Police Department shall determine the location, configuration, operational requirements, access, maintenance, data management, retention, security, and other applicable operational aspects of any ALPR System installed pursuant to this Section, consistent with applicable law and New Jersey Attorney General requirements.

D. A private property owner or other private entity participating in such an arrangement shall not independently access, modify, operate, alter, relocate, disable, remove, or otherwise control the ALPR System or ALPR-generated data unless expressly authorized in writing by the Garfield Police Department and permitted by applicable law.

E. Nothing in this Section shall be interpreted to require a private property owner or business to permit the installation of an ALPR System on private property. Any such installation shall be subject to the voluntary consent of the lawful property owner or other person legally authorized to grant such permission, unless otherwise authorized by law.

F. Any ALPR System installed pursuant to this Section shall be operated in accordance with all applicable federal and State laws, regulations, New Jersey Attorney General directives, guidelines, policies, orders, and applicable Garfield Police Department policies.

SECTION 6. CONSUMER SECURITY CAMERAS

A. Nothing in this Ordinance shall prohibit, restrict, or otherwise regulate the ordinary use of a Consumer Security Camera by a homeowner, residential property owner, tenant, or business for legitimate security, safety, or property-protection purposes.

B. The use of a Consumer Security Camera shall not constitute a violation of this Ordinance solely because the camera may incidentally capture images of vehicles, license plates, streets, sidewalks, or other areas visible from the camera's lawful location.

C. Nothing in this Section shall be construed to authorize the installation of a Consumer Security Camera on Municipal Property or within a Municipal Right-of-Way where such installation is otherwise prohibited by law, ordinance, regulation, permit requirement, or property restriction.

D. A camera that otherwise meets the definition of a Consumer Security Camera shall remain outside the scope of this Ordinance unless it is configured, modified, or utilized as an ALPR System as defined herein.

SECTION 7. OWNERSHIP AND CONTROL OF MUNICIPAL ALPR SYSTEMS

Any ALPR System owned, leased, operated, or controlled by the City of Garfield or the Garfield Police Department shall remain under the control of the City or Garfield Police Department, as applicable.

No Private Entity shall acquire ownership, operational control, administrative access, or unrestricted access to ALPR-generated data solely by virtue of providing equipment, software, hosting, maintenance, technical services, or other services to the City or Garfield Police Department.

Any third-party vendor providing ALPR-related services to the City or Garfield Police Department shall comply with all applicable contractual requirements and federal and State laws, regulations, Attorney General directives, guidelines, policies, and orders governing ALPR systems and ALPR-generated information.

SECTION 8. REMOVAL OF UNAUTHORIZED SYSTEMS

Any ALPR System installed, mounted, affixed, or operated on Municipal Property or within a Municipal Right-of-Way in violation of this Ordinance may be subject to removal, provided that such removal is conducted in accordance with applicable law.

The City may require the person or entity responsible for an unauthorized installation to remove the equipment and restore the affected Municipal Property or Municipal Right-of-Way to substantially the condition existing prior to installation.

Nothing in this Section shall authorize the removal, disabling, seizure, or interference with an ALPR System lawfully operated by a Law Enforcement Agency or governmental agency.

SECTION 9. ENFORCEMENT

The enforcement of this Ordinance shall be administered by the appropriate City official, department, or agency as authorized by law.

Nothing in this Ordinance shall limit the authority of the Garfield Police Department or any other Law Enforcement Agency to take enforcement action pursuant to applicable law.

SECTION 10. SEVERABILITY

If any section, subsection, paragraph, sentence, clause, phrase, or provision of this Ordinance is determined to be invalid or unenforceable by a court of competent jurisdiction, such determination shall not affect the remaining portions of this Ordinance, which shall remain in full force and effect.

SECTION 11. CONSTRUCTION

This Ordinance shall be interpreted to the maximum extent permitted by law.

Nothing herein shall be construed to:

1. Conflict with federal or State law;
2. Conflict with any applicable New Jersey Attorney General directive, guideline, policy, or order governing law enforcement use of ALPR technology;
3. Restrict the lawful activities of the Garfield Police Department or another Law Enforcement Agency;
4. Impair any existing lawful agreement between the City and a governmental or law enforcement agency; or
5. Prohibit the lawful use of ordinary Consumer Security Cameras as defined herein.

SECTION 12. EFFECTIVE DATE

This Ordinance shall take effect upon final passage and publication in accordance with applicable law.

BOND ORDINANCE TO AUTHORIZE THE MAKING OF VARIOUS PUBLIC IMPROVEMENTS AND THE ACQUISITION OF NEW ADDITIONAL OR REPLACEMENT EQUIPMENT AND MACHINERY IN, BY AND FOR THE WATER UTILITY OF THE CITY OF GARFIELD, IN THE COUNTY OF BERGEN, STATE OF NEW JERSEY, TO APPROPRIATE THE SUM OF \$730,000 TO PAY THE COST THEREOF, TO MAKE A DOWN PAYMENT, TO AUTHORIZE THE ISSUANCE OF BONDS TO FINANCE SUCH APPROPRIATION AND TO PROVIDE FOR THE ISSUANCE OF BOND ANTICIPATION NOTES IN ANTICIPATION OF THE ISSUANCE OF SUCH BONDS

BE IT ORDAINED by the City Council of the City of Garfield, in the County of Bergen, State of New Jersey, as follows:

Section 1. The City of Garfield, in the County of Bergen, State of New Jersey (the "City") is hereby authorized to make various public improvements and to acquire new additional or replacement equipment and machinery in, by and for the Water Utility of said City, as more particularly described in Section 4 hereof. Said improvements shall include all work, materials and appurtenances necessary and suitable therefore.

Section 2. There is hereby appropriated to the payment of the cost of making the improvements described in Sections 1 and 4 hereof (hereinafter referred to as "purposes"), the respective amounts of money hereinafter stated as the appropriation for said respective purposes. Said appropriation shall be met from the proceeds of the sale of the bonds authorized and the down payment appropriated by this ordinance. Said improvements shall be made as general improvements and no part of the cost thereof shall be assessed against property specially benefited.

Section 3. It is hereby determined and stated that the making of such improvements is not a current expense of said City.

Section 4. The several purposes hereby authorized for the financing of which said obligations are to be issued are set forth in the following "Schedule of Improvements, Purposes and Amounts" which schedule also shows (1) the amount of the appropriation and the estimated cost of each such purpose, and (2) the amount of each sum which is to be provided by the down payment hereinafter appropriated to finance such purposes, and (3) the estimated maximum amount of bonds and notes to be issued for each such purpose, and (4) the period of usefulness of each such purpose, according to its reasonable life, computed from the date of said bonds:

SCHEDULE OF IMPROVEMENTS, PURPOSES AND AMOUNTS

A. Replacement of granular activated carbon filter media at various wells.

Appropriation and Estimated Cost	\$667,000.00
----------------------------------	--------------

Down Payment Appropriated	\$ 31,800.00
Bonds and Notes Authorized	\$635,200.00
Period of Usefulness	15 years

B. Acquisition of new additional or replacement equipment and machinery consisting of TV camera water line inspection equipment.

Appropriation and Estimated Cost	\$ 18,000.00
Down Payment Appropriated	\$ 900.00
Bonds and Notes Authorized	\$ 17,100.00
Period of Usefulness	5 years

C. Undertaking of repairs to various water tanks.

Appropriation and Estimated Cost	\$ 45,000.00
Down Payment Appropriated	\$ 2,200.00
Bonds and Notes Authorized	\$ 42,800.00
Period of Usefulness	10 years

Aggregate Appropriation and Estimated Cost	\$730,000.00
Aggregate Down Payment Appropriated	\$ 34,900.00
Aggregate Amount of Bonds and Notes Authorized	\$695,100.00

Section 5. The cost of such purposes, as hereinbefore stated, includes the aggregate amount of \$10,000 which is estimated to be necessary to finance the cost of such purposes, including architect's fees, accounting, engineering and inspection costs, legal expenses and other expenses, including interest on such obligations to the extent permitted by Section 20 of the Local Bond Law (Chapter 2 of Title 40A of the New Jersey Statutes Annotated, as amended; the "Local Bond Law").

Section 6. It is hereby determined and stated that moneys exceeding \$34,900, appropriated for down payments on capital improvements or for the capital improvement fund in Water Utility budgets heretofore adopted for said City, are now available to finance said purposes. The sum of \$34,900 is hereby appropriated from such moneys to the payment of the cost of said purposes.

Section 7. To finance said purposes, bonds of said City of an aggregate principal amount not exceeding \$695,100 are hereby authorized to be issued pursuant to the Local Bond Law. Said

bonds shall bear interest at a rate per annum as may be hereafter determined within the limitations prescribed by law. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 8. To finance said purposes, bond anticipation notes of said City of an aggregate principal amount not exceeding \$695,100 are hereby authorized to be issued pursuant to the Local Bond Law in anticipation of the issuance of said bonds. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of outstanding bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds shall, to not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 9. Each bond anticipation note issued pursuant to this ordinance shall be dated on or about the date of its issuance and shall be payable not more than one year from its date, shall bear interest at a rate per annum as may be hereafter determined within the limitations prescribed by law and may be renewed from time to time pursuant to and within limitations prescribed by the Local Bond Law. Each of said bond anticipation notes shall be signed by the Mayor and by a financial officer and shall be under the seal of said City and attested by the City Clerk or Deputy City Clerk. Said officers are hereby authorized to execute said notes in such form as they may adopt in conformity with law. The power to determine any matters with respect to said notes not determined by this ordinance and also the power to sell said notes, is hereby delegated to the Chief Financial Officer who is hereby authorized to sell said notes either at one time or from time to time in the manner provided by law.

Section 10. It is hereby determined and declared that the average period of usefulness of said purposes, according to their reasonable lives, taking into consideration the respective amounts of bonds or notes authorized for said purposes, is a period of 14.44 years computed from the date of said bonds.

Section 11. It is hereby determined and stated that the Supplemental Debt Statement required by the Local Bond Law has been duly made and filed in the office of the City Clerk of said City, and that such statement so filed shows that the gross debt of said City, as defined in Section 43 of the Local Bond Law, is increased by this ordinance by \$695,100 and that the

issuance of the bonds and notes authorized by this ordinance will be within all debt limitations prescribed by said Local Bond Law.

Section 12. Any funds received from private parties, the County of Bergen, the State of New Jersey or any of their agencies or any funds received from the United States of America or any of its agencies in aid of such purposes, shall be applied to the payment of the cost of such purposes, or, if bond anticipation notes have been issued, to the payment of the bond anticipation notes, and the amount of bonds authorized for such purposes shall be reduced accordingly.

Section 13. The capital budget is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency therewith and the resolutions promulgated by the Local Finance Board showing full detail of the amended capital budget and capital program as approved by the Director, Division of Local Government Services, is on file with the City Clerk and is available for public inspection.

Section 14. The City intends to issue the bonds or notes to finance the cost of the improvements described in Sections 1 and 4 of this bond ordinance. If the City incurs such costs prior to the issuance of the bonds or notes, the City hereby states its reasonable expectation to reimburse itself for such expenditures with the proceeds of such bonds or notes in the maximum principal amount of bonds or notes authorized by this bond ordinance.

Section 15. The full faith and credit of the City are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this ordinance. Said obligations shall be direct, unlimited and general obligations of the City, and the City shall levy ad valorem taxes upon all the taxable real property within the City for the payment of the principal of and interest on such bonds and notes, without limitation as to rate or amount.

Section 16. This ordinance shall take effect twenty days after the first publication thereof after final passage.

ORDINANCE NO.: 3167**

AN ORDINANCE AMENDING SECTION 226-22 OF CHAPTER 226 (“VEHICLES AND TRAFFIC”), ARTICLE V (“RESIDENTIAL PERMIT PARKING”) OF THE CODE OF THE CITY OF GARFIELD, TO REVISE THE PROCEDURE FOR DESIGNATING RESTRICTED RESIDENTIAL PERMIT PARKING ZONES

WHEREAS, the City of Garfield is authorized under N.J.S.A. 39:4-197(1)(f) to regulate, by ordinance, the parking of vehicles on streets within the City, provided that such regulation addresses special conditions existent in the City; and

WHEREAS, Section 226-22 of the Code presently authorizes the Chief of Police, or the Chief’s designee to prohibit parking on certain residential streets upon findings disclosed by an engineering and/or traffic study; and

WHEREAS, the Mayor and Council have determined that the designation of Restricted Residential Permit Parking Zones should instead be made by ordinance of the Mayor and Council upon the written recommendation of the Police Department, without requiring a formal engineering or traffic study or report as a precondition to that recommendation, while leaving administration of resident, visitor, business, and temporary permits with the Police Department; and

WHEREAS, the Garfield Police Department has proposed objective standards for the Chief of Police, or the Chief’s designee to apply in determining whether to recommend a street for designation, intended to ensure that such designations address an identifiable parking problem caused or significantly contributed to by persons who do not reside on the street, rather than resident vehicle volume or the unavailability of off-street parking alone;

NOW, THEREFORE, BE IT ORDAINED by the Mayor and Council of the City of Garfield, County of Bergen, State of New Jersey, as follows:

Section 1. Section 226-22 of Chapter 226 (“Vehicles and Traffic”), Article V (“Residential Permit Parking”) of the Code of the City of Garfield is hereby amended and restated in its entirety to read as follows:

§ 226-22. Designation of Restricted Residential Permit Parking Zones; Issuance of Permits.

A. Designation of Restricted Residential Permit Parking Zones.

(1) Recommendation of the Police Department. No street or portion of a street exclusively or primarily serving residential land uses shall be designated as a Restricted Residential Permit Parking Zone unless the Chief of Police, or the Chief’s designee, has first submitted a written recommendation to the Mayor and Council making each of the findings required by paragraph (2) of this subsection. The recommendation need not take the form of, and is not required to be supported by, a formal engineering or traffic study or report. The Chief of Police, or the Chief’s designee, may base the required findings on the personal knowledge and observations of Department personnel, resident parking permit records, requests or complaints received from residents, and any other information the Department considers reliable.

(2) Required findings. A recommendation under paragraph (1) of this subsection shall include written findings, supported by the information described in paragraph (1), that each of the following conditions is met:

(a) Parking saturation. At least 85% of the available legal on-street parking on the affected street or portion thereof is regularly occupied during the hours proposed for the restriction, based

on Police Department observations conducted on at least three separate days, at representative times within those hours.

(b) Resident parking demand. Residents of the affected street or portion thereof regularly rely on available on-street parking, as shown by the number of active resident parking permits issued for that street, the availability of driveways or other off-street parking to those residents, and Police Department observations of actual overnight parking conditions. The existence of a resident parking permit for a vehicle shall not by itself establish that the permit holder relies on on-street parking where that resident has access to, and regularly uses, a driveway or other off-street parking.

(c) Outside-source impact. Parking by persons who do not reside on the affected street or portion thereof, attributable to an identifiable source such as a nearby business, school, public transportation facility, municipal facility, commuter activity, or similar source, is significantly contributing to the condition described in subparagraph (a). This finding may be based on Police Department observations, resident parking permit records, resident complaints, parking patterns, or other reasonably available information.

(3) Available legal on-street parking; measurement. For purposes of paragraph (2)(a), “available legal on-street parking” means curb space on which a vehicle may lawfully be parked, excluding driveways and driveway aprons, fire hydrants, intersections, crosswalks, bus stops, and other areas in which parking is prohibited by law or municipal ordinance. On a street without marked parking spaces, the Police Department may reasonably estimate the number of vehicles that can legally be parked along the available curb space.

(4) Limitations. The number of vehicles registered to, or parking permits held by, residents of a street, or the unavailability of sufficient off-street parking to those residents, shall not by itself satisfy paragraph (2)(b) or otherwise support a recommendation under this subsection. A complaint or request from a resident may initiate the Police Department’s review of a street under this subsection but shall not, standing alone, support a recommendation under this section.

(5) Action by the Mayor and Council. Upon receipt of a recommendation satisfying paragraphs (1) through (4) of this subsection, the Mayor and Council may, by ordinance introduced and adopted in the manner provided by law, designate the affected street or portion thereof as a Restricted Residential Permit Parking Zone and prohibit parking thereon, except by permit issued under Subsections C and D of this section, during such hours as the designating ordinance shall specify. Nothing in this section requires the Mayor and Council to adopt a designation recommended by the Police Department, and the Mayor and Council may decline to adopt, or may modify, a recommended designation in the exercise of their legislative discretion.

B. Signage; Municipal Engineer certification. Following adoption of an ordinance designating a Restricted Residential Permit Parking Zone, the Police Department shall cause appropriate signs to be posted on the affected street or portion thereof, prohibiting all parking thereon during the hours specified in the designating ordinance except by permit. No such restriction shall be enforced until the Municipal Engineer has certified, under seal, that the signage conforms to the Manual on Uniform Traffic Control Devices for Streets and Highways.

C. Permits. Permits authorizing parking within a Restricted Residential Permit Parking Zone shall be issued only under the following terms and conditions:

(1) Resident permits. To persons who reside on the street or portion thereof upon which parking is restricted, for every vehicle owned by such person and registered in the State of New Jersey.

(2) Visitor permits. To persons who are visitors of persons who reside on the street or portion thereof upon which parking is restricted, provided that not more than three such permits shall be

issued and outstanding at any one time for the use of visitors of any one dwelling unit on that street or portion thereof.

(3) Business permits. To persons who regularly do business with, or provide services at the residence of, persons who reside on the street or portion thereof upon which parking is restricted, provided that (a) not more than two such permits shall be issued and outstanding at any one time for any one dwelling unit, (b) the applicant shall provide the name and address of the resident to be served and a brief description of the business or service provided, and (c) such permits shall be valid only during the hours reasonably necessary to perform the business or service. This subsection shall not apply to service or delivery vehicles making service calls or deliveries, which shall not be subject to the parking prohibitions and restrictions of this article.

D. Temporary (one-day) permits. On the application of a person who resides on a street on which parking is restricted under this section, the Chief of Police, or the Chief's designee, may issue a permit valid for one day and for no more than eight hours on that day, upon a showing by the applicant that, during the hours for which the permit is sought, the applicant's residence will be used in a manner consistent with its residential character and with municipal ordinances and regulations restricting its use to residential purposes, and that visitors to the residence will not otherwise be able to park in the immediate vicinity without violating the restrictions imposed by this article. The Chief of Police, or the Chief's designee shall issue such a permit upon approving the application and finding that its issuance will not unduly impair traffic safety during the period of its validity, and may limit the streets or portions of streets for which the permit is valid. The total number of such permits issued and outstanding at any one time shall not exceed 35% of the total number of parking spaces on the street or portion thereof for which they are valid.

E. Records. The City Clerk shall maintain a file for each Restricted Residential Permit Parking Zone designated under this section, containing the Police Department's written recommendation and the ordinance adopted by the Mayor and Council.

Section 2. Except as expressly amended herein, all other subsections of Section 226-22 and all other provisions of Article V of Chapter 226 shall remain in full force and effect.

Section 3. If any section, subsection, sentence, clause, or phrase of this ordinance is for any reason held to be unconstitutional, invalid, or otherwise unenforceable by a court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this ordinance.

Section 4. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed to the extent of such inconsistency.

Section 5. This ordinance shall take effect upon final passage and publication as required by law.
