

# What is an Overnight Parking Permit and When Do I Need to Purchase One?

*Vehicles with temporary license plates **DO NOT** require an overnight pass but one may be required when your regular plates and registration are received.*

*If your application is pending for approval or has been denied for any reason, purchase the overnight pass to avoid a summons.*

The overnight pass is used for any vehicle that does not have an active permit in the Passport Parking Program. Some of the reasons to purchase an overnight permit are:

- An overnight guest
- A rental vehicle or any vehicle that is not registered to the resident of Garfield
- People who apply after normal business hours (nights or weekends), or for any application pending for approval
- New residents who do not have all documentation required for a residential permit

**License plates are State specific.** When entering a license plate, make sure the State on the permit matches the registration, i.e., do not use NJ for a vehicle registered to another state. **DO NOT** enter spaces or dashes in your license plate. Use only letters and numbers.

**Overnight passes are limited to 25 purchases in a calendar year.** After the 25<sup>th</sup> purchase, the system will automatically lock your plate and you will be unable to continue to purchase permits.

**The cost for the Overnight Pass is \$5.00** and must be purchased each night a vehicle is parked in the City without an active residential permit. Make sure the license plate number and issuing state are entered correctly. Overnight Permits are purchased at [ppprk.com](http://ppprk.com), (or you can download the Passport App from [Google Play](https://play.google.com/store/apps/details?id=com.passportparking) or the [App Store](https://apps.apple.com/us/app/passport-parking/id1441111111)). Enter Zone **86200** when prompted. This number is specific to Garfield, NJ.

**The purchase of a permit after a summons is issued will not void the ticket.**
