OFFICIAL NOTICE
Residential Overnight Parking Permit System Update

The Garfield Police Department would like to inform residents of a recent update to the overnight parking permit system.

With the implementation of the new system, **only eligible residential addresses that are preloaded into the database** may apply for a residential permit.

At this time, we are aware that **some eligible residential addresses are not yet reflected in the database**, which may prevent affected residents from completing a permit application. The Parking Registration Department is actively working to identify and correct these discrepancies.

If you are experiencing difficulty applying for a residential permit due to this issue, please note the following:

- Residents unable to apply due to a system error should purchase **Overnight Visitor Passes**, The Overnight Visitor Pass can be purchased at **ppprk.com** or through the **Passport App** on Android or iOS (Zone **86200**).
- All reported issues will be reviewed and addressed on a **case-by-case basis** and, in most cases, can be resolved the same day during normal business hours.
- **Refunds for Overnight Visitor Passes** may be issued when the issue is determined to be the result of a system error.
- **Any summons issued with valid justification may be voided** upon review.

Residents experiencing issues or requiring assistance are encouraged to contact the **Parking Registration Department** at Garfield City Hall for support:
